WE BELIEVE IN GROWTH THROUGH MANAGEMENT SYSTEMS

ISO14001

This certification helps us to minimize how operations may negatively affect the environment and reduce our environmental impact. Wastes, resources consumption and operating costs are reduced

OHSAS 18001

This is a modern interpretation of the «paternalistic» business model that was ours over the last 120 years.. We make sure our employees work under safest conditions, receive a rewarding salary, boosting work efficiency, cancelling downtime risk through accident and above all strengthen our belonging to a unique community
